June 2017 Newsletter

A WORD FROM THE DOM

As I write this newsletter, volunteers are hard at work finishing the waste water plumbing on the WBA Ministry Center. If all goes as planned, another group of volunteers will pour and finish the concrete slab on Friday, May 19th. The Carpenters for Christ group will arrive Memorial Day to frame up the building.

God has blessed us abundantly so far throughout the building process. Each step of the way, He has laid our needs on the hearts of individuals with the ability to meet the particular issue.

I had anticipated a long drawn out process of construction before the ministry center was complete. With the unexpected help from the Carpenters for Christ group, it is quite possible the building could be finished before Thanksgiving. Wouldn't that be a great way to celebrate the day set aside to thank God!

These volunteers are making it possible to keep the cost of construction as low as possible. Please pray for God to stir the hearts of people to give to the WBA Building Fund. God has provided us with a very favorable interest rate on a line of credit. This line of credit will allow us to purchase material as needed to keep things moving forward. We want to repay the bank within a year of finishing construction.

I have no doubt that God's people will meet this challenge to give generously.

 In His service,
Don Smith

Resources

Please remember we have several resources available for the churches to use.

We have a screen, two projectors, and lap tops available. There are several colors of Kraft paper available in large rolls that churches can also get to use for decorations. We have die cut machines with a variety of shapes to use for decoration. There are 6 large Styrofoam boards that can be checked out to put posters on for display.

We also have a large laminator. Remember to network with other churches to share resources and ideas as well. Please feel free to call or email the office to ask about any of our resources!
